DECISION**THE COMPTROLLER GENERAL
OF THE UNITED STATES
WASHINGTON, D.C. 20548**

FILE: B-190753

DATE: February 7, 1978

MATTER OF: Associated Construction Company

DIGEST:

Requests for review of procurement funded by Federal grant involving 10 percent minority business enterprise requirement mandated by Public Works Employment Act of 1977, which requirement is subject of conflicting U.S. District Court opinions and other pending litigation, will not be considered until litigation is finally resolved.

Associated Construction Company (Associated) requests our review of the award of a contract by the Town of Wethersfield, Connecticut involving an EDA-assisted local public works project number 01-51-25706.

Associated contends that its bid was illegally rejected as not having complied with section 106(f)(2) of the Public Works Employment Act of 1977. The Act requires bidders to have 10 percent of the grant in a federally funded project performed by a Minority Business Enterprise (MBE).

The MBE provision of the 1977 act has been the subject of conflicting United States District Court opinions. See Associated General Contractors of California v. Secretary of Commerce, U.S. District Court for the Central District of California, Civil Action No. 77-3738-AAH, October 31, 1977, and Constructors Association of Western Pennsylvania v. Krepe, U.S. District Court for the Western District of Pennsylvania, Civil Action No. 77-1035, October 13, 1977. The California decision has been appealed to the United States Supreme Court.

B-190753

This Office generally will not rule on a matter that is the subject of litigation before a court of competent jurisdiction. Nartron Corporation and DC Electronics, Incorporated, 53 Comp. Gen. 730 (1974), 74-1 CPD 154. We have therefore taken the position that it would be inappropriate for this Office to take any action on complaints regarding the MBE requirement until the litigation is finally resolved. Jack E. Kessner Construction; Lee C. Accordingly, the complaint is dismissed.
